FOSTERING AND PROPELLING TECHNOLOGY

To align with modern aspirations that demand innovative solutions marks the narrative of an India and a world in flux, with evolution and empowerment at its core.

This narrative illuminates the essential connection between contemporary ambitions and the imperative for pioneering approaches, capturing the profound global shifts. It underscores the symbiotic relationship between forward-looking visions and the requirement for cutting-edge solutions, portraying a dynamic India and an evolving world embracing change while embracing newfound empowerment.

It has changed many traditional business model to adopt touch less transaction with customer.

A cohort of innovation streams - from AI to Blockchain to 3D printing, will redefine many other sectors even more dramatically. Large enterprises see opportunities in this disruption to outperform, not just in today's businesses, but also over longer horizons. Business and technology leaders in these enterprises need to become adept at managing innovation priorities, driving experimentation and scaling value creation on multiple fronts.

SILVER TOUCH TECNOLOGIES Limited (NSE: SILVERTUC, BSE: 543525) is a surging information technology, consulting and business process services company. We harness the power of cognitive computing, hyper-automation, robotics, cloud, analytics and emerging technologies to help our clients adapt to the digital world and make them successful. We have launched Resilient IT Services post pandemic for our customers, which help them to reach out to customers, employees, supplier in better way. The new services offering is Enterprise Integration, which allows business to be more connected than before. With evolution of cloud and data as service, Integration has become key component to any business. A company recognized globally for its comprehensive portfolio of services, strong commitment to sustainability and good corporate citizenship, we have over 1500+ dedicated employees serving clients across three continents. Together, we discover ideas and connect the dots to build a better and a bold new future.

BUSINESS HIGHLIGHTS

Annual Report 2023-2024

Software Development

Silver Touch Technologies is a leading custom software development & quality assurance company delivering complex world-class software development services on a variety of technology platforms to clients ranging from mid-size companies to large enterprises. With extensive knowledge of various Industry verticals, we design and develop business-specific software applications that add great value to clients. Silver Touch bring together deep industry expertise and the latest IT advancements to deliver custom solutions and products that perfectly fit the needs and behavior of their users. We specialize in open source, AI/ML, Enterprise Integration, SaaS and Cloud based software solution. We provide high quality, cost-effective and reliable software development services that match your specific needs, budget and timeframe.

Sales Forecasting and Sales Team Tracking System for one of the biggest Edible Oil Manufacturer:

In today's fast-paced business environment, having real-time insights into sales performance is essential. Silver Touch Technologies Ltd., has developed a Sales Forecasting and Salesmen (Sales team) Team Tracking System for one of the biggest manufacturers of Edible Oil in India. The application exhibits a dynamic AI-powered dashboard with features such as real-time Salesmen (Sales team) tracking and sales forecasting. The application is available on both mobile and web platforms, ensuring accessibility and convenience for users. Key Features include the AI Based Dynamic dashboard, which provide Real-time Data Visualization, Customizable Widgets, AI Insights, sales Forecasting with predictive analysis, and trend analysis. Sales tracking with real-time facts and figures and KPI monitoring. Mobile App include the features like Order tracking, Customer wise list, Sales forecasting, Nearby Customer, Team location/Salesman tracking. User can access the features of Check-in/Out, Leave and Allowances on Mobile App with ease. User can quickly access current day deliveries, orders, pending orders with few swipes. Daily Sales Report, Location-wise, Customer-wise Sales Report and Top Performer Report can be generated for quick decision making. Experience a cutting-edge web application with an AI-powered dashboard offering comprehensive item-wise statistics, graphical data, and real-time tracking of sales activities, including salesman locations and customer visits. Effortlessly search and monitor order placements and individual sales performance.

With a unique combination of technology, domain we innovate solutions for your business needs expertise.

E-Governance Solutions

Silver Touch Technologies is a leading e-Governance solution provider and one of the fastest-growing companies in this sector in India. We offer innovative e-governance solutions by modernize applications as per latest digital technology to provide the much-needed flexibility and scalability.

Our E-Governance services aim at uniting information, processes, citizen and technology for achieving good governance. We have a proven track record of delivering time-bound projects, with robust expertise in providing software application development, back-end support and system integration.

Our area of prowess incorporates Smart Cities, Transport, Digital Governance, Single Window System, Direct Benefit Transfer (DBT) Portals & E Governance for enhanced performance and better handling of citizen requirements. Focus is more on Digital governance, less paper office and G2B/G2C services based on mobile technology.

Case Study

An Innovative web Application for Government of India

An innovative website with required features has been developed by Silver Touch Technologies Ltd., for a statutory body and the largest subsidiary of Indian government which organises pilgrimage. Citizens from all over India can register for the pilgrimage under four basic categories at district and state levels. Citizens have to register on the website, a single registration form may cover multiple pilgrims for each category. A group ID is generated for each registration till it is approved. There is a facility to reject or accept with a query. Once approved, a unique Cover ID is generated which will be referred till end of pilgrimage. Organized State wise committee approves the registrations and registrations for the trainers and volunteers are also handled by the state committee. Pilgrims can view the status like resend, query, approved/rejected or query resolved on the dashboard. State-wise random selection of the approved applications for the pilgrimage is done. Post selection process, Payment, Passport verification, Receipt of verification are furnished. Once VISA for individuals on the Cover ID is issued, a provision is given to upload the VISAs into the web application. Payments are to be made in instalments in between the announced start and end dates. Payments are accepted from State Bank of India (SBI) and Union Bank of India (UBI). This entire automation has helped citizen opting for pilgrimage services offered by Government. It has increased great amount of transparency, speed, accuracy and satisfaction amongst the citizen.

System Integration & Cloud

Today business and technology are inextricably linked. And keeping pace with the emerging technology landscape can be difficult for even the most tech-savvy leaders. Adopting new technologies and processes means overcoming often complicated software integration challenges, both between your existing applications and external systems. We deliver complete enterprise architecture services by successfully combining new solutions with established ones into a single, seamless business system. Our system integration services help to consolidate, simplify and optimize operations and business support back-end systems and tools.

A leading Research institutes aiming to upgrade their existing HPC capabilities for better scalability, reduced complexity, high performance throughput. The client partnered Silver Touch and as a leading nVIDIA based solution provider SilverTouch proposed latest generation of HPC Technology. Silver Touch helped client in establishing the new HPC Cluster consists of GPU Nodes equipped with multiple high-performance GPUs (e.g., NVIDIA A100) and a powerful CPU (e.g., Intel Xeon). A high-speed Infiniband interconnects connects the HPC nodes which enabling efficient data transfer and communication. A Lustre parallel file system based massive storage provides high-performance storage for large datasets and trained models.

Silver Touch team collaborated with the client to design & setup scalable HPC environment and deployed GPU-based HPC cluster which offered significant performance advantages to research institute. GPUs are optimized for parallel processing which leads to significantly reduced training times, enabling researchers to experiment with different architectures and hyperparameters more efficiently. By leveraging the parallel processing capabilities of GPUs, these cluster significantly accelerate computational tasks and enable new scientific discoveries. Silver Touch empowered the research institute in achieving Scalability which can be easily scaled to meet increasing computational demands and Flexibility that can be used for a wide range of applications.

Case Study

SAP & Business Software Solutions

SAP software products are highly configurable and functionally rich. It is the most widely used ERP system and can be customized to meet the demands of most horizontal and vertical lines of businesses. With a decade of successful implementations and deep expertise in various industry domain, we provide SAP/odoo services that enable businesses to stay ahead of the demands, trends and developments in the marketplace.

We offer SAP/odoo consultation, implementation, upgrades, global rollout, migration, and support services that help enterprises achieve maximum ROI. We have helped retail, fashion, manufacturing, consumer products, wholesale distribution, pharmaceuticals and life sciences enterprises optimize their investment in ERP.

Silver Touch has successfully launched Customer Portal, Vendor Portal, Clouds & Analytics Products this year.

Our consultants have the technical skills, proficiency and industry knowledge to make sure businesses can utilize the functionalities provided by ERP solutions to the maximum. Our end-to-end ERP services will help enterprises through the implementation process up to testing and delivery to ensure project success. We help businesses tackle these challenges and deliver results in line with customer expectations.

Case Study

We have added 5 new customers in USA, UK and India region. Overseas customers are from Hi-Tech, Finance, Manufacturing, Professional Services, Pharmaceuticals, Lifestyle business. Silver Touch will automate key business process and generate ROI for the management over coming years. Indian customers more focused on manufacturing and engineering, adoption of standard ERP solutions have increased post COVID-19 considering more digital requirements of the customer. Team Silver Touch has done their Business Analysis and Deployed the Standard SAP Business One/odoo Enterprise Solution as per their Requirement.

Further, partner ecosystem across US, Middle East, Africa and UK region has increased with addition of 3 new partners this year. We have also launched products for partners during SAP Summit in USA and UK/EU region.

Digital Transformation

Annual Report 2023-2024

As the world goes digital, and digital technology disrupts the way we live and work, it presents new challenges and a new wave of growth opportunities for enterprises. However, to be a leader in the digital economy, a business needs to do more than embracing digital technologies.

Digital technologies are rapidly emerging as disruptive forces for businesses across all industries, from retailers and banks to carmakers and energy companies. With

careful, strategic development and consulting Silver Touch Technologies help businesses inspire, create positive transformation, and champion digital innovation. The Digital Transformation solutions and services we provide help companies in identifying the gaps in their strategy & invest in the best technologies, offering key insights to drive digital strategy. We are helping customer to identify the transformation area and apply AI/ML, Big Data Analytics, Block chain and IoT based solution.

Case Study

Enterprise grade Generative AI Chatbot

Revolutionize your website conversations with Generative AI, it offers No Code AI Chatbot solution Integrate in your existing website. Salient features are Generative AI, Speech To Text, User Personalization, Integration with existing database, Multilingual & FAQ based support.

Chatbot is based on LLM and Generative AI, so it provides guidance to users from website content/PDF documents. User can ask any questions and Chatbot will provide answers from the knowledge based generated. It also supports voice features, where user can just speak and ask any questions to website to enable better experience. Chatbot can be customized as per color, theme of the organization. It also provides advanced FAQ and Workflow based chat experience. This enhances many process optimization for the organization and reduce the support call. Chatbot can be integrated with multiple channels like WhatsApp, Slack, Facebook, Telegram, Mobile App for better reach out.

Robotic Process Automation

Annual Report 2023-2024

In the current economic conditions and a rigorously competitive markets the focus of the businesses is both on cost optimization and process improvisation. Most of the back office work in Accounts, Finance, Banking, Sales, Purchase, Inventory management, Production, Supply chain & customer interaction is affected due to less availability of the resources. Robotic Process Automation (RPA) allows to automate most of the standard process across organization and it's the most relevant now than before. More than 38% of the companies worldwide considering the process automation as key priority.

Create and Amend Timecards in web based ERP application

Silver Touch Technologies has supported a top Consulting company in manufacturing sector offering comprehensive Robotic Process Automation services in United Kingdom. The client used ERP system to manage the workforce management processes such as employee records management including their timecards. Employee timecards are to be created and amended on daily basis, in response to the Tickets raised by the employees. Managing thousands of Timecards following strict SLAs was really challenging for the company. Bot process included, reading the ticket information from ticketing application, and auto login to the ERP, search employee by number and create timecards as per extracted information and submit till approvals. An exclusive bot is designed and developed for amending already existing timecards. By implementing Robotic Process Automation (RPA), we have saved over 6,000 manual hours and achieved an accuracy rate of 99%.

Resilient Services

Work from Home is New Normal now in India and specifically where employees do desk job most of the time in a day. There is paradigm shift amongst Indian business to save cost on real estate, travel time for employees and improving efficiency has been major objective.

Silver Touch help customer to identify Short term and long term plan towards remote working for their organization. Silver Touch have specialized team to assess the current infrastructure and decide the future IT roadmap for client organization.

Silver Touch focus mainly on FOUR Aspects: End-User Technology, Edge Network, Security and Core Infrastructure.

Decoding Payments & Posting Wires

Case Study

Silver Touch Technologies has implemented Robotic Process Automation (RPA) Bots to ease the process of decoding payments, for one of the prestigious clients in US ensuring Efficiency and Accuracy. The process of decoding payments, received from major Banks in US, mainly North America and Canada. Payments received in vivid currencies. Decoding these payments for the lease was a tedious and time-consuming process. RPA Bots, could easily download payment information from various Bank websites and from the AR department, decode and post to the Customer-wise sheets effectively in no time. A rule-based logic has been implemented in RPA bots to effortlessly accomplish desired tasks. The process involves extracting fund details from bank sites, generating historical reports using MS Power BI, applying logic to decode payments for specific dates, mapping them to specific leases, and accurately posting them to customer-wise lease records with applicable tax and fund recipient references. Key feature of the RPA Bot process includes extraction of invoice numbers from various sources such as email body, attached PDFs and Images and mapping them against wire/check numbers accurately and them decoding correctly under each head. Parallels bot creates a report for unmapped records on daily basis. And these unmapped records are decoded and posted as and when remittance is received from AR department. Finally, bot generates wires for the decoded posts applying complex logic to bring all payments, holds, into single collection for all currencies mentioned. By implementing RPA(Robotic Process Automation), we have significantly reduced the Turn Around Time (TAT) for decoding and posting payments. This automated process has not only minimized human effort but also ensured data accuracy, meeting client expectations. Over 94% of manual tasks have been replaced by bots.

End User Technology

- Remote PC Access
- Work from Remote using VDI
- Unified Endpoint Management

Security

- Video Conferencing Solution

Work from Remote using Resilient Services

Work from Home is New Normal now in India and specifically where employees do desk job most of the time in a day. There is paradigm shift amongst Indian business to save cost on real estate, travel time for employees and improving efficiency has been major objective.

Silver Touch help customer to identify Short term and long term plan towards remote working for their organization. Silver Touch have specialized team to assess the current infrastructure and decide the future IT roadmap for client organization.

Case Study

From the largest enterprise to the smallest startup, the challenges of an IT department are often the same. The scale of the problem and the available solutions may be different, but in the end, technology is technology. No matter the size of the organization, companies must still overcome many of the same issues to find success.

One of our leading client have so many locations and large workforce. Work from Remote using virtual desktop infrastructure (VDI) is a natural fit for this client.

Providing IT Support to their large workforce on multiple locations was the biggest challenge. Also Managing and Monitoring their network and server infrastructure proved to be a regular and recurring challenge for the in-house IT Team.

The solution to the problem was rather straightforward.

Silver Touch focus mainly on FOUR Aspects: End-User Technology, Edge Network, Security and Core Infrastructure.

End User Technology

- Remote PC Access
- Work from Remote using VDI
- Unified Endpoint Management

EDGE Network

- Secure Connectivity with VPN
- Next Generation Firewall
- Network Monitoring & Support

Security

- Cloud Security
- Endpoint Security
- DATA Centric Security

Core Infrastructure

- Hyper Converged Infrastructure
- Mailing / Collaboration Solution
- Video Conferencing Solution

Silver Touch deployed the Work from Remote using VDI solution for their large workforce and now continues to manage and monitor the VDI environment. The client chose to leverage the experience and workforce of the Silver Touch team to supplement their own in-house IT department. By doing so, Silver Touch was able to take on many of the problem areas of the environment.

Since partnering with this client, we have seen a tremendous improvement in employees' performance and productivity.

Over the past few months, Silver Touch and the client have had conversations about the future needs of the environment and what technology solutions on the market today stand to benefit the client. It provides the workforce anywhere, anytime, and any device access to their applications.

28+
YEARS

YEAR JOURNEY WELL-TRAVELED

Over the past 28 years, the Company has undergone a continuous process of transformation. Our journey commenced in 1992, when four friends harnessed their entrepreneurial spirit and enthusiasm following their completion of engineering studies in information technology and related disciplines. Despite modest experience and limited resources, we embarked on our business journey judiciously. Over the course of two decades, we have evolved into one of Gujarat, India's foremost information technology companies. In the last five years, as we strategically diversified our business portfolio and ventured into new segments, we expanded beyond the borders of Gujarat. This expansion led us to establish a strong and notable presence in prominent cities like New Delhi and Mumbai.

In its nascent stages, the company primarily focused on computer sales and maintenance. However, traversing a journey spanning more than two decades, Silver Touch has emerged as a versatile provider of Information Technology Solutions. This evolution has been underpinned by a spectrum of services that cater to a diverse clientele.

Through strategic domestic and international joint ventures, the company has significantly expanded its geographic footprint and cultivated a broad client base. Executing numerous projects not only within India but also across countries like the USA, UK, France, Australia, the Middle East, and Germany, Silver Touch has demonstrated its ability to transcend borders and deliver exceptional value on a global scale.

**In 1995, we began our
journey with 4 friends

CHARTING NEW PATH

Continue with Growth Momentum

- Continue to grow in e-governance vertical, software services , ERP and System Integration
- Continue to grow in strategic business locations like Mumbai and Delhi
- Focus on high value, high margin business in Government and private sectors.
- Growing in new area like Cloud hosting and AI solutions
- Growing presence in North America with strong Canadian operation

Enter into more Strategic Partnership

- To forge strategic partnership with leading digital transformation solution provider and cloud services provider.
- To forge strategic partnership with leading SaaS companies, AI and GPU cloud

Develop strong practice in Digital Transformation

- Embrace artificial intelligence based solution with industry verticals like pharmaceuticals, transportation, logistics, banking and finance.
- Develop Solution based on computer vision technology for image and video processing.
- Develop strong service offerings in relative Robotic Process Automation (RPA) with Automation Anywhere & Uipath
- Develop strong service offerings in AI/ML, big data analytics for text, image & video processing with NVIDIA
- Develop Cloud practice with Industry leaders like Microsoft Azure, Amazon AWS, Oracle Cloud

Overseas Business Expansion

- Focus on UK , Canada & USA for business expansion.
- Focus to acquire more customers in product engineering and offshore development centre (ODC) UK , EU and US Region.

WHAT WE DO- PACE

Process Automation

- Business Process Automation
- Business Process Optimization
- CMMI-5 Compliant process
- Process Discovery
- Industry 4.0- Automating Manufacturing

Availability

- Disaster recovery Services
- Infrastructure Services
- Resilient Services

Continuity

- Application Development
- Managed IT Services
- Virtualization

(Managing Director)

Place: Ahmedabad

Date: 12th August, 2024

NOTES:

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM/EGM will thus be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM/EGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM/EGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the EGM/AGM will be provided by CDSL.
3. The Members can join the EGM/AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the EGM/AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the EGM/AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM/EGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM/EGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM/EGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company www.silvertouch.com The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM/EGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM/EGM) i.e. www.evotingindia.com

7. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
8. In continuation to this Ministry's General Circular No. 20/2020 dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30th September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.

THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) The voting period begins on 09.09.2024 at 09:00 a.m. and ends on 11.09.2024 at 5:00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 05.09.2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

Type of shareholders	Login Method
Individual Shareholders holding securities in Demat mode with CDSL Depository	<ol style="list-style-type: none"> 1) Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. Option will be made available to reach e-Voting page without any further authentication. The users to login to Easi / Easiest are requested to visit cdsl website www.cdslindia.com and click on login icon & New System Myeasi Tab. 2) After successful login the Easi / Easiest user will be able to see the e-Voting option for eligible companies where the evoting is in progress as per the information provided by company. On clicking the evoting option, the user will be able to see e-Voting page of the e-Voting service provider for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting. Additionally, there is also links provided to access the system of all e-Voting Service Providers, so that the user can visit the e-Voting service providers' website directly. 3) If the user is not registered for Easi/Easiest, option to register is available at cdsl website www.cdslindia.com and click on login & New System Myeasi Tab and then click on registration option.
	<ol style="list-style-type: none"> 4) Alternatively, the user can directly access e-Voting page by providing Demat Account Number and PAN No. from a e-Voting link available on www.cdslindia.com home page. The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the Demat Account. After successful authentication, user will be able to see the e-Voting option where the evoting is in progress and also able to directly access the system of all e-Voting Service Providers.

After Successful login, you will be able to see e-Voting option. Once you click on e-Voting option, you will be redirected to NSDL/CDSL Depository site after successful authentication, wherein you can see e-Voting feature. Click on company name or e-Voting service provider name and you will be redirected to e-Voting service provider website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.</p>

Important note: Members who are unable to retrieve User ID/ Password are advised to use Forget User ID and Forget Password option available at abovementioned website.

Helpdesk for Individual Shareholders holding securities in demat mode for any technical issues related to login through Depository i.e. CDSL and NSDL

Login type	Helpdesk details
Individual Shareholders holding securities in Demat mode with CDSL	Members facing any technical issue in login can contact CDSL helpdesk by sending a request at helpdesk.evoting@cdslindia.com or contact at toll free no. 1800 21 09911
Individual Shareholders holding securities in Demat mode with NSDL	Members facing any technical issue in login can contact NSDL helpdesk by sending a request at evoting@nsdl.co.in or call at : 022 - 4886 7000 and 022 - 2499 7000

Step 2 : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

- (i) Login method for e-Voting and joining virtual meetings for Physical shareholders and shareholders other than individual holding in Demat form.
- 1) The shareholders should log on to the e-voting website www.evotingindia.com.
 - 2) Click on "Shareholders" module.
 - 3) Now enter your User ID
 - a. For CDSL: 16 digits beneficiary ID,
 - b. For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
 - c. Shareholders holding shares in Physical Form should enter Folio Number registered with the Company.
 - 4) Next enter the Image Verification as displayed and Click on Login.
 - 5) If you are holding shares in demat form and had logged on to www.evotingindia.com and voted on an earlier e-voting of any company, then your existing password is to be used.
 - 6) If you are a first-time user follow the steps given below:

	For Physical shareholders and other than individual shareholders holding shares in Demat.
PAN	<p>Enter your 10 digit alpha-numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders)</p> <ul style="list-style-type: none"> • Shareholders who have not updated their PAN with the Company/Depository Participant are requested to use the sequence number sent by Company/RTA or contact Company/RTA.
Dividend Bank Details OR Date of Birth (DOB)	<p>Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login.</p> <ul style="list-style-type: none"> • If both the details are not recorded with the depository or company, please enter the member id / folio number in the Dividend Bank details field.

- (ii) After entering these details appropriately, click on “SUBMIT” tab.
- (iii) Shareholders holding shares in physical form will then directly reach the Company selection screen. However, shareholders holding shares in demat form will now reach ‘Password Creation’ menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e-voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- (iv) For shareholders holding shares in physical form, the details can be used only for e-voting on the resolutions contained in this Notice.
- (v) Click on the EVSN for the relevant Silver Touch Technologies Limited on which you choose to vote.
- (vi) On the voting page, you will see “RESOLUTION DESCRIPTION” and against the same the option “YES/NO” for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- (vii) Click on the “RESOLUTIONS FILE LINK” if you wish to view the entire Resolution details.
- (viii) After selecting the resolution, you have decided to vote on, click on “SUBMIT”. A confirmation box will be displayed. If you wish to confirm your vote, click on “OK”, else to change your vote, click on “CANCEL” and accordingly modify your vote.
- (ix) Once you “CONFIRM” your vote on the resolution, you will not be allowed to modify your vote.
- (x) You can also take a print of the votes cast by clicking on “Click here to print” option on the Voting page.
- (xi) If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.
- (xii) There is also an optional provision to upload BR/POA if any uploaded, which will be made available to scrutinizer for verification.
- (xiii) **Additional Facility for Non – Individual Shareholders and Custodians –For Remote Voting only.**
 - Non-Individual shareholders (i.e. other than Individuals, HUF, NRI etc.) and Custodians are required to log on to www.evotingindia.com and register themselves in the “Corporates” module.

- A scanned copy of the Registration Form bearing the stamp and sign of the entity should be emailed to helpdesk.evoting@cdslindia.com.
- After receiving the login details a Compliance User should be created using the admin login and password. The Compliance User would be able to link the account(s) for which they wish to vote on.
- The list of accounts linked in the login will be mapped automatically & can be delink in case of any wrong mapping.
- It is Mandatory that, a scanned copy of the Board Resolution and Power of Attorney (POA) which they have issued in favour of the Custodian, if any, should be uploaded in PDF format in the system for the scrutinizer to verify the same.
- Alternatively Non Individual shareholders are required mandatory to send the relevant Board Resolution/ Authority letter etc. together with attested specimen signature of the duly authorized signatory who are authorized to vote, to the Scrutinizer and to the Company at the email address viz; cs@silvertouch.com, if they have voted from individual tab & not uploaded same in the CDSL e-voting system for the scrutinizer to verify the same.

SECRETARIAL AUDIT REPORT

For the Financial year ended on 31st March, 2024

To,
 The Members,
 Silver Touch Technologies Limited
 CIN: L72200GJ1995PLC024465
 2nd Floor, Saffron, Nr. Panchwati Circle,
 Ambawadi, Ahmedabad - 380006

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Silver Touch Technologies Limited (hereinafter referred to as "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minutes books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2024 (hereinafter referred to as "the Audit Period") complied with the statutory provisions listed hereunder and also that the Company needs proper Board processes and moderate compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2024, according to the provisions of:

- (i.) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii.) The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii.) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv.) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct Investment. However the regulations relating to Foreign Direct Investment and External Commercial Borrowings were not applicable;
- (v.) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;

We further report that, based on the information provided by the Company, its officers and authorized representatives during the conduct of audit, and having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has generally complied with the following laws applicable specifically to the Company;

- (a) The Information Technology Act, 2000 and the rules made thereunder
- (b) The Copyright Act, 1957
- (c) The Trade Marks Act, 1999

We have also examined compliance with the applicable clauses/regulations of the following, to the extent applicable to the Company during the audit period:

- (i.) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii.) SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

We report that, during the year under review, the Company has complied with the provisions of the Acts, rules, regulations and guidelines mentioned above, except mentioned here under:

- *During the period under review, the Company has not obtained prior approval of the Audit Committee and Board of Directors with respect to related party transactions of loans and advances, which is in contravention of provisions of regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.*
- *During the period under review, Mrs. Namrata Ronak Shah, Immediate relative of Mr. Ronak Shah, Independent Director of the Company, has violated code of conduct by trading in the Equity Shares of the Company during trading window closure. Trade was executed on 4th and 5th May, 2023 by selling of 1,113 Equity Shares @ Rs. 337.74 per share and buying of 110 Shares @ Rs. 345.51 per share.*
- *The Company has advanced unsecured loan of Rs. 75.00 Lacs to the Company's wholly owned subsidiary Company viz. Vision Autotests Private Limited having Corporate Identification Number U72900GJ2016PTC093178.*

We further report that, there were no actions/ events in pursuance of:

- (a) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (b) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 as amended from time to time;
- (c) The Securities and Exchange Board of India(Issue and Listing of Non-Convertible and Redeemable Preference Shares) Regulations, 2013 as amended from time to time;
- (d) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
- (e) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; and
- (f) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

requiring compliance thereof by the Company during the financial year.

We further report that the compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same have been subject to review by auditor/other designated professionals.

We have relied on the representation made by the Company and its officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations, Guidelines, Standards, etc. mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act, except as mentioned hereinabove..

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there were no other specific events/actions having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

ANNEXURE-E

REPORT ON CORPORATE GOVERNANCE

The Directors present the Company's Report on Corporate Governance for the year ended March 31, 2023, in terms of Regulation 34(3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (The "Listing Regulations").

INTRODUCTION:

Corporate Governance represents the value framework, rules, practices by which a Company conducts its business activities. Corporate Governance is modus operandi of governing a corporate entity which includes a set of systems, procedures and practices which ensure that the Company is managed in the best interest of all corporate stakeholders i.e. Shareholders, employees, suppliers, customers and society in general.

The fundamentals of Corporate Governance include transparency, accountability, reporting and independence. For accomplishment of the objectives of ensuring fair Corporate Governance, the Government of India has put in place a framework based on the stipulations contained under the Companies Act, SEBI Regulations, Accounting Standards, Secretarial Standards, etc. Corporate Governance has become a buzzword in the corporate world.

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

We believe in adopting the best in class Corporate Governance practices and strive to improve them continuously. We emphasize the importance of transparency and accountability in all our businesses. We believe good Corporate Governance is not just a principle but it is embedded in the manner every individual working in our companies conducts himself/herself.

Our actions are governed by our values and principles, which are reinforced at all levels within the Company. We are committed to doing things the right way which means taking business decisions and acting in a way that is ethical, in the interest of our stakeholders and is in compliance with applicable legislation. Our values reflect our continued commitment to ethical business practices across our operations.

Securities and Exchange Board of India has issued guidelines on the Corporate Governance for all listed companies. These are incorporated in Listing Regulations. We have started diligently to follow these guidelines.

Our multiple initiatives towards maintaining the highest standards of governance are detailed:

BOARD OF DIRECTORS:

Composition of the Board

As on 31st March, 2024, the Company's Board of Directors comprised of ten directors of which Mr. Vipul Haridas Thakkar is the Managing Director and Chairman, Mr. Jignesh Amritlal Patel, Mr. Palak Vinubhai Shah, Mr. Minesh Vinodchandra Doshi, and Mr. Himanshu Jain are the Whole-time Directors and the rest Mr. Piyushkumar Mithileshkumar Sinha, Ms. Gayatri Mukul Doctor, Mr. Ronak Sudhirbhai Shah, Mr. Apurva Damani, Mr. Sandeep Shah and Mr. Jignesh Shah. Mr. Harivadan Prabhashankar Thakar, and Mr. Ronak Sudhirbhai Shah, has been retired on after completion of 2nd term as a Non-Executive Independent Director. The Board also met the requirement of Woman Director as prescribed under Listing Regulations, 2015.

Mr. Paulin Vinodbhai Shah is the Chief Financial Officer of the Company and Mr. Vishnu Harjivanbhai Thaker is the Company Secretary and Compliance Officer of the Company.

The Board has received confirmation from the Non- Executive and Independent Directors that they qualify to be considered as independent as per the definition of 'Independent Director' stipulated in Regulation 16(1)(b) of the

Listing Regulations and Section 149(6) of the Companies Act, 2013 (hereinafter called "the Act"). None of the Independent Directors of the Company is related to each other.

The number of directorship and Committee Chairmanship/Memberships held by the Directors in other Public companies as on 31st March, 2024 are given below:

Sr. No.	Name of Director	Designation	No. of Other Director Ship	No. of equity shares held in Co.	Member/Chairperson of the committee

13	***Mr. Jigar Harshadkumar Shah	Independent Director	0	-	-	-

*Resignation w.e.f 1st April, 2024 due to completion of 2nd Consecutive term as an Independent Director on Board.

*** Resignation w.e.f. 16th August, 2023.

None of the Directors hold directorships in more than 20 companies. Further individual directorships of any director's in public companies do not exceed 10. None of the Directors is serving as a member of more than ten committees or as the Chairman of more than five committees across all the public companies of which he is a Director.

Directorships mentioned as above do not include directorships of Private Limited Companies, Companies under Section 8 of the Act and of companies incorporated outside India.

Positions in only the Audit Committee and Stakeholders' Relationship Committee are considered for the purpose of reckoning the number of Chairmanships and Memberships held by the Directors.

None of the Non-Executive Independent Directors has any material pecuniary relationship or transactions with the Company, other than the commission and sitting fees received by them for attending the meetings of the Board and its Committee(s) and professional fees received by the firm in which a Director is a partner.

BOARD MEETINGS:

The Company holds at least four Board meetings in a year, one in each quarter, inter-alia, to review the financial results of the Company. The Company also holds additional Board Meetings to address its specific requirements, as and when required. All the decisions and urgent matters approved by way of circular resolutions are placed and noted at the subsequent Board meeting.

The Company circulates the agenda along with comprehensive notes well in advance before each meeting which, inter-alia, includes the following:

- Quarterly/Half Yearly/Annual financial results of the Company.
- Minutes of various committees of the Board.
- Regulatory notices/judgment/order being material in nature.
- Approvals on the sale of investments/assets of material nature etc.

During the financial year 2023-2024 Four Board Meetings were held. The maximum gap between two Board meetings was less than one hundred and twenty days. The Board Meetings were held on 29/05/2023, 14/08/2023, 10/11/2023 and 14/02/2024.

The details of the attendance of the Board of Directors at the Board Meetings and the last Annual General Meeting (AGM) are as detailed herein below

Name of the Directors	No. of Board Meetings held	Entitlement to attend	No. of Board Meetings attended	Whether last AGM attended

MANAGEMENT DISCUSSION AND ANALYSIS

(A) Industry structure and developments.

The Journey over the past few years have been eventful, starting with supply-chain disruptions in the aftermath of the pandemic, the Russia-Ukraine war that triggered a global energy and food crisis, and a considerable surge in inflation, followed by globally synchronized monetary policy tightening.

The global GDP is estimated to have grown at 3.2% in CY 2023, lower than 3.5% in CY 2022, led fears of a hard recession. Yet, despite many global predictions the world avoided a recession, the banking system proved largely resilient, and major emerging market economics did not suffer sudden stops. Economic growth has been stronger than expected in the second half of 2023 in the United States, and several major emerging market and developing economics. However the rising momentum was not felt everywhere, with notably subdued growth in the euro area, reflecting weak consumer sentiment, the lingering effects of high energy prices, and weakness in interest-rate-sensitive sectors.

Unmet revenue expectations have ushered in a new wave of pragmatism where maintaining a healthy profit margin has become pivotal for corporations due to the uncertain macro-outlook. In extreme cases, organizations, due to the uncertain macro-outlook. In extreme cases, organizations resorted to cost-cutting measures, such as reducing headcount and cutting discretionary spending including IT services.

Organizations taking a more rational approach are simply shifting the emphasis of ongoing IT project towards, cost control, efficiencies and automation while curtailing IT initiatives with longer ROIs. Global technology spending on Enterprise software and IT services was close to the US\$2.3 trillion mark in CY 2023, with IT services growing at 6.1% YoY to US\$1.4 trillion.

STTL has a notable global footprint and a fore-runner in digital innovation, has been an integral part and an active partner in this ambitious plan committed to transforming millions of lives. With over more than two decades of committed drive in IT, STTL is able to offer an unparalleled 'single eye view of macro solutions and its perspective is markedly well rounded.

STTL is equipped to provide end-to-end IT solutions and services, helps businesses of different verticals and horizontal lines thrive by integrating end-user computing, virtualization, networking and resilient IT infrastructure in conjunction with professional security services. The company's vast range of technical and service delivery expertise assists in driving value driven and customer centric IT solutions to industry.

The company's solutions are highly in demand as they combine Business Intelligence & Machine Learning, Managed Services & Cloud Solutions. Meanwhile, with its Big-Data knowhow, which is the fuel of 21st Century, Information technology insights and rich industry specific knowledge, and expertise is positioned to enable businesses to use innovation to leverage growth.

(B) Business Segments at a glance

- Software Services
- E-Governance Solutions

(F) Outlook, Risks and concerns

This section lists forward looking statements that involve risk and uncertainties. Our actual results could differ materially from those anticipated in this statements as a result of certain factors. Our Outlook, Risks and Concerns are as follows:

1. Our revenues could be significantly affected if the governments in countries in which our Customers or business partners are based, restrict companies from outsourcing work to nondomestic corporations.
2. Our Company's success depends largely upon its skilled professionals and its ability to attract and retain these personnel. The Industry where our Company operates is a highly employee intensive industry.
3. Significant security breaches in our computer systems and network infrastructure and fraud may impact our business.
4. Exchange rate fluctuations in various currencies in which we do business may negatively impact our business, financial condition and results of operations.
5. Changes in market trends and consumer preferences and increase in competitors that are largely beyond our control may affect our business, financial condition, results of operations and prospects.

6. Changes in Government regulations may adversely affect our business operations.
7. Changes in taxation policies may affect our business operations & results of Operations.

(G) Internal control systems and their adequacy.

The Company is well equipped and robust system of internal control with an adequate internal financial controls. The company's Audit Committee has established an 'Internal Financial Control Policy' to ensure that the financial and other sensitive information of the Company is safeguarded from any kind of leaks or unwarranted disclosures. The Company has a continuous monitoring mechanism, which enables it to maintain adequate standards of the control system, and helps in managing defaults, if any, in timely manner.

(H) Discussion on financial performance with respect to operational performance.

Financial Performance FY'24 Comparison: Year-on-Year There is significant improvement in the financial performance of the company compared to last year. The total turnover of the company in FY 2023-24 is increased by 35 % from Rs. 15,484.61 lacs of previous year to Rs. 20,925.03 lacs. The Net profit after Tax of the company is also increased significantly by 75% from Rs. 905.54 lacs to Rs. 1582.74 lacs. Whereas Profit before tax increased by almost 67 % to Rs. 2129.14 lacs compared to previous year of Rs. 1273.09 lacs.

(I) Material developments in Human Resources / Industrial Relations front, including number of people employed:

The Company considered their employee as the most important assets. The Company always believes in the ideology of team building and Employees welfare. **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
M/s. SILVER TOUCH TECHNOLOGIES LIMITED**

Report on the Financial Statements

Opinion

We have audited the accompanying standalone financial statements of M/s.Silver Touch Technologies Limited (the "Company"), which comprise the Balance Sheet as at March 31st, 2024, the Statement of Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone **financial statements** give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at **March 31, 2024**, its profit *including other comprehensive income*, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended **March 31, 2024**. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have nothing to report in this regard.

Information other than the Standalone Financial statements and Auditor's report thereon.

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Board's report including Annexures to Board's report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1 Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2 Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3 Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4 Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- 5 Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A** statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As acquired by section 143(3) of the Act, we report that:
 - a. We have sought and obtain all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone IndAS financial statements comply with the Accounting Standards specified under Section133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e. On the basis of written representations received from the directors as on March 31st, 2024, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31st, 2024, from being appointed as a director in terms of Section 164 (2) of the Act."
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**";
 - g. In our opinion, the managerial remuneration for the year ended March 31, 2024 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. There is no pending litigation that may have impact on its financial statements.

- ii The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii There is no amount to be transferred to Investors Education Protection Fund.
 - iv - (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - (c) Based on such audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.
 - v There is no interim dividend declared and paid by the company, during the year in accordance with section 123 of the Companies Act, 2013.
- i. With respect to the matter to be included in the Auditors' Report under section 197(16):
 In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.
- j. The Company (STTL India) has used SAP B1 for maintaining its transactions for the year ended March 31, 2024, which have a feature of recording audit trail (edit log) facility. The audit trail facility has been operated throughout the year and it was implemented for all the branches. Further, the audit trail feature has not been tampered with in accounting software. Other Indian Subsidiary Companies i.e Vision Autotest & Silvertouch Autotech ,are maintaining their accounting transaction in Tally ERP 9, in which Audit Trail Feature is enabled throughout the year ended March 31, 2024.

INDEPENDENT AUDITORS' REPORT ON INTERNAL FINANCIAL CONTROL

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

1 We have audited the internal financial controls over financial reporting of Silver Touch Technologies Limited as at 31st March 2024 in conjunction with our audit of the Balance Sheet, Statement of Profit and Loss including the Statement of Other Comprehensive Income, Cash Flow Statement, Statement of Changes in Equity & notes forming part of financial statement.

Management's Responsibility for Internal Financial Controls

2 Management is responsible for establishing and maintaining internal financial controls based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required by The Companies Act, 2013 ('the Act').

Auditor's Responsibility

3 Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4 Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5 We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6 Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

7 In our opinion, Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

Notes forming Part of accounts:

Note 1 - SIGNIFICANT ACCOUNTING POLICIES

i) Company Overview:

Silver Touch Technologies Limited ("the company") is a leading and globally accepted IT Solution Provider and currently at the forefront of Digital Transformation & Emerging Technologies to serve the customers across the world.

The solutions company provide cover top to bottom technical needs including IT Consulting, System Integration Services, Software Development, E-Governance Solutions, Mobility Solutions, website development & maintenance etc. and making everything possible for customer with cybernetics.

The Company is a public limited company incorporated and domiciled in India and has its registered office at 2nd Floor, Saffron Tower, Ambawadi, Ahmedabad 380006, Gujarat, India. The company has its listing on NSE and BSE platform.

ii) Basis Of Preparation

(a) Compliance with Ind-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards)Rules, 2015, as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (IndAS compliant Schedule III), as applicable to the Company's financial statements..

These financial statements for the year ended **31st March, 2024** along with its comparatives prepared under Ind-AS. The Accounting policies are applied consistently to all the periods presented in financial statements,

(b) Historical Cost Convention

The financial statements have been prepared under the historical cost convention on accrual basis of accounting except for the following:

- (a) Defined Benefit Plans are measured at Fair Value.
- (b) Certain Assets and liabilities that are measured at fair value or amortized cost.

(b) Rounding of Amounts

All amounts disclosed in financial statement and notes have been rounded off to the nearest lakhs except when otherwise indicated. The Company's presentation and functional currency is Indian Rupees

iii) Use of Estimates :

The preparation of financial statements in conformity with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards)Rules, 2015, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between actual and estimates are recognized in the period in which the results are known/materialised.

In the assessment of the Company, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements are in respect of the following:

- Useful lives of property, plant & equipment;
- Valuation of inventories;
- Assets and obligations relating to employee benefits;
- Evaluation of recoverability of deferred tax assets; and
- Provisions and Contingencies
- Recognition of revenue and allocation of transaction price
- Current tax expense and current tax payable

iv) Current and non-current classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is classified as current when it satisfies any of the following criteria: it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle.

- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.
- All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.
- All other liabilities are classified as non-current.
- Deferred tax assets and liabilities are classified as non-current only

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

v) Fair value measurement:

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or,
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

vi) Property, plant and equipment & Depreciation :

Property, plant and equipment are stated at cost, net of recoverable taxes, less accumulated depreciation and impairment losses if any. Such cost included purchase price, borrowing cost and other cost directly attributable to the acquisition of the items. All other repairs and maintenance are charged to the Statement Profit and Loss during the reporting period in which they are incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost and directly attributable cost incurred. Depreciation is not charged until such assets are ready for commercial use.

Depreciation is provided on fixed assets used during the year as per **Straight Line Method** on the basis of useful life of assets and residual value as specified in schedule II of the Companies Act, 2013 except on few assets, where different life has been estimated by the management where assets are for specific project. Depreciation on additions or sale/discard of asset is being provided on pro-rata basis from the date on which such asset is ready to be put to use to date of sale/discard.

The Company provides depreciation on property, plant and equipment using the Straight Line Method. The rates of depreciation are arrived at, based on useful lives estimated by the management as follows:

Block of assets	Estimated useful life (in years)
Office Buildings	15-60
Office equipment	3-10
Furniture and fixtures	3-15
Computer and Peripherals	3-10
Vehicles	5-20

The residual value are not more than 5% of original cost of asset. The Asset residual values and useful life are reviewed and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

vii) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite. There are no intangible assets assessed with indefinite useful life.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. Gain or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Intangible assets are amortised on straightline basis as follows:

Block of assets	Estimated useful life (in years)
Computer softwares	3-6

viii) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

- Debt instrument at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

- (b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Group recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

-Debt instrument at fair value through profit and loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

- Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value, the Group makes such election on an instrument by- instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, apart of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows.

(ii) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

-Financial Liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risk are recognised in OCI. These gains / loss are not subsequently transferred to statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

- Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

- Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

(iv) Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(v) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

ix) Compound financial instruments

Compound Financial instruments are separated into liability and equity components based on the terms of the contract. On issuance of the compound financial instruments, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not remeasured in subsequent years.

Transaction Costs are apportioned between the liability and equity components of the compound financial instruments based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

x) Segment Reporting

The company's Business Segment is 'Computers & IT Services' and it has no other primary reportable segments. Geographical revenues are segregated based on the location of the customer who is invoiced or in relation to which the revenue is otherwise recognized. Customer relationships are driven based on the location of the respective clients. Company's business activities outside India are spread mainly in United Kingdom, USA, Canada & France. Hence, there are two reportable segment of company viz., Domestic & Exports.

xi) Investment in subsidiaries, associates, and joint venture

The Company has accounted for its investment in subsidiaries or associates or joint venture at cost less impairment. The Company assesses investments in subsidiaries, associates and joint venture for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If any such indication exists, the Company estimates the recoverable amount of the investment in subsidiary, associate or joint venture. The recoverable amount of such investment is the higher of its fair value less cost of disposal (FVLCD) and its value-in-use (VIU). The VIU of the investment is calculated using projected future cash flows. If the recoverable amount of the investment is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

Investment in a subsidiary or an associate or a joint venture acquired in stages are accounted after re-measuring the equity interest held up to the date on which control or significant influence was first achieved, at its fair value on date of obtaining control or significant influence.

xii) Inventories :

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing the inventory to its present location and condition are included in the cost of inventories.

Hardware and Supplies

Carried at lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. Cost is determined on first in, first out basis.

xi) Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

xii) Cashflows

Cash Flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

xiii) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred and are recognised in the statement of profit and loss.

xiv) Employee benefits

(a) Short-term obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. These liabilities are presented as current liabilities in the balance sheet

(b) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(c) Post-employment obligations

The Company operates the following postemployment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund, employees state insurance taxes.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than, the cash flows are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in OCI. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

Defined contribution plans

The Company pays provident fund and employees state insurance contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

xv) Investments :

Investments are classified as Current Investments and non-current Investments. The investments that are readily realizable and intended to be held for not more than a year are classified as current investments. Current Investments are stated at lower of cost and net realizable value. A provision for diminution is made to recognize a decline, other than temporary, in the value of Non-current Investments.

xvi) Revenue Recognition :

Sale of Services:

The Company uses the percentage-of-completion method in accounting for its fixed-price contracts. The use of the percentage-of-completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or cost expended have been used to measure progress towards completion as there is a direct relationship between input and productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Sale of Goods:

Revenue is measured at the fair value of the consideration received or receivable. The Company recognises revenues on sale of products, net of discounts, sales incentives, rebates granted, returns, sales taxes/GST and duties when the products are delivered to customer or when delivered to a carrier for export sale, which is when title and risk and rewards of ownership pass to the customer. Export incentives are recognised as income as per the terms of the scheme in respect of the exports made and included as part of export turnover.

Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

xvii) Impairment of Assets :

(i) Financial assets (other than at fair value)

The Company assesses at each date of Balancesheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk or the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets within finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

xviii) Earning per Share :

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

xix) Provisions, Contingent Liabilities and Contingent Assets :

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value unless the effect of time value of money is material and are determined based on best estimate required to settle the obligation at the Balance sheet date. These are reviewed at each Balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities and Assets are not recognised in the financial statements.

xx) Foreign Currency Transactions :

(i) Functional and presentation currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (₹), which is entity's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit or loss. Non monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

xxi) Income taxes:

(i) Current income taxes

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside statement of profit or loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Advance taxes and provisions for current income taxes are presented in the Balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

(ii) Deferred income taxes

Deferred income tax is recognised using the Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be Utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future economic tax liability. Accordingly, MAT is recognised as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

The Group recognises interest levied and penalties related to income tax assessments in finance costs.

Leases

The Company as a lessee

The Company's lease asset classes consist of leases for land, buildings and computers. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether :

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

As a lessee, the Company determines the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to Infosys's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right-of-use-assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right-of-use asset if the Company changes its assessment to whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows. The Company as a lessor Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

xxii) Recent accounting pronouncements:

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below :

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements. Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption

of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements. Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

Details of rights, preferences and restrictions attached to the shares

The Company has only one class of equity shares having a par value of ₹ 10/- per share. Each holder of equity share is entitled to one vote per share.

In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

The Company does not have any holding Company.

As per records of the company, including its register of share holders/members and other declaration received from the share holders regarding beneficial interest, the above share holding represents both legal and beneficial ownership of shares.

Nature and purpose of reserves

(ii) Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Act.

(ii) Retained earnings

The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve and also considering the requirements of the Companies Act, 2013.

(iii) General Reserve

General reserve is referred to as the reserve fund that is created by keeping aside a part of profit earned by the business during the course of an accounting period for fulfilling various business needs like meeting contingencies,

offsetting future losses, enhancing the working capital, paying dividends to the shareholders, etc.

(iv) Other Comprehensive income

a) The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in equity instruments through Other Comprehensive Income

b) The remeasurement gain/(loss) on net defined benefit plans is recognised in Other Comprehensive Income net of tax.

Note 37 Ind As 115 : Revenue from Contracts with Customers:

The disaggregation of Revenue from Contract with Customers – Segment-wise

	Particulars	Current Year	Previous Year
Sales in Domestic Market		18741.59	13623.39
Total Revenue		18741.59	13623.39

A) Disaggregated revenue information

Set out below is the disaggregation of the company's revenue from contracts with customers:

(Amount in ₹ Lakhs)

	Particulars	Current Year	Previous Year
Type of goods or service			
Sale of Services		17413.97	13458.69
sale of goods		3262.61	1773.09
Total revenue from contracts with customers		20676.58	15231.78
India		18741.59	13623.39
Outside India		1934.99	1608.39
Total revenue from contracts with customers		20676.58	15231.78
Goods transferred at a point in time		3262.61	1773.09
Goods transferred at a point over time		17413.97	13458.69
Total revenue from contracts with customers		20676.58	15231.78

Set out below, is the reconciliation of the revenue from contracts with customers with the amounts disclosed in the segment information

(Amount in ₹ Lakhs)

	Particulars	Current Year	Previous Year
Revenue			
External customer		20676.58	15231.78
Total revenue from contracts with customers		20676.58	15231.78

B) Contract balances

The following table provides information about receivables, contract assets and contract liabilities from contract with customers

(Amount in ₹ Lakhs)

	Particulars	Current Year	Previous Year
Trade receivables*		6977.59	5473.02
Contract liabilities			
Total Trade receivables		6977.59	5473.02

*Trade receivables are non-interest bearing and are generally on terms of 0 to 180 days.

C) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

(Amount in ₹ Lakhs)

	Particulars	Current Year	Previous Year
Revenue as per contracted price			
Sale of services		17413.97	13458.69
Revenue from contract with customers		17413.97	13458.69

* Revenue net of discounts, claims and commission

D) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

(Amount in ₹ Lakhs)

Particulars	Current Year	Previous Year
Advances from customers	172.85	168.07
Total Advances from customers	172.85	168.07

Note 38 Management expects that the entire transaction price allotted to the unsatisfied contract as at the end of the reporting period will be recognised as revenue during the next financial year.

Note 39 Segment Reporting

The company's Business Segment is 'Computers & IT Services' and it has no other primary reportable segments. Geographical revenues are segregated based on the location of the customer who is invoiced or in relation to which the revenue is otherwise recognized. Customer relationships are driven based on the location of the respective clients. Company's business activities outside India are spread mainly in United Kingdom, USA, Canada & France . Hence, there are two reportable segment of company viz., Domestic & Exports.

(A) Primary Disclosures (Geographical by Customers)

(Amount in ₹ Lakhs)

Particulars	Geographical Segments		TOTAL
	India	Outside India	
Revenue	18741.59	1934.99	20676.58
	13623.39	1596.14	15219.54
Result	1783.27	678.42	2461.69

Note 42 Ind AS 116 Leases

The Accounting Standard Board has issued an exposure draft on Ind AS 116, Leases, with a proposed effective date of 1st April, 2019, subject to notification by Ministry of Corporate Affairs and Ind AS 116 supersedes Ind AS 17 'Leases'. Ind AS 116, "Leases" will be applicable on the companies which are preparing their financial statements as per Ind AS.

Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments.

Particulars	Current Year	Previous Year
(i) Not later than a year	0.00	00.00
(ii) Later than a year but not later than five years	0.00	00.00
(iii) More than five years	0.00	00.00
Total	00.00	00.00

Lease payments has been capitalised in CWIP as Project no started yet.

Total Financial Assets (A+B)	12211.16	12211.16	10263.07	10263.07
Financial liabilities				
Measured at amortised cost				
Non-current liabilities				
Non-current borrowings *	697.41	697.41	408.14	408.14
Other financial liabilities	589.91	589.91	186.79	186.79
Current liabilities				
Short-term borrowings	382.81	382.81	659.66	659.66
Trade payables	1915.58	1915.58	2166.59	2166.59
Other financial liabilities	539.79	539.79	360.35	360.35
Provisions	880.96	880.96	708.23	708.23
Total Financial Liabilities	5006.46	5006.46	4489.75	4489.75

For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

3 Financial risk management objectives

The Company's Corporate finance department provides services to business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse the exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

4 Market risk

The Company's activities expose it primarily to the financial risks of changes in interest rates due to variable interest loans. . The Company does not enter into derivative contracts to manage risks related to anticipated sales and purchases.

5 Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilizing forward foreign exchange contracts and currency options taken at the time of initiation of the booking by the management. Such decision is taken after considering the factors such as upside potential, cost of structure and the downside risks etc. Quarterly reports are submitted to Management Committee on the covered and open positions and MTM valuation.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

There are no such transactions during the reporting period

5.1 Foreign currency sensitivity analysis

The Company is not materially exposed to USD and EURO currency or any other foreign currencies.

6 Interest rate risk management

The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The Company has exposure to interest rate risk, arising principally on changes in interest rates. The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like long term and short term loans. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

The table in 6.1 provides a break-up of the Company's fixed and floating rate borrowings:

6.1 Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

The following table provides a break-up of the Company's fixed and floating rate borrowings and interest rate sensitivity analysis.

Particulars	(Amount in ₹ Lakhs)			
	As at March 31, 2024	As at March 31, 2023		
	Gross amount	Interest rate sensitivity @0.50%	Gross amount	Interest rate sensitivity @0.50%
Fixed Loan	219.51	NA	63.76	NA
Variable Loan	555.85	02.78	315.22	01.58
Total	775.35	02.78	315.22	01.58

7 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses of both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company uses publicly available financial information and its own trading records to rate its major customers. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk related to the above mentioned company did not exceed 10% of gross monetary assets at any time during the year. Concentration of credit risk to any other counterparty did not exceed 10% of gross monetary assets at any time during the year.

7.1 Collateral held as security and other credit enhancements

The Company does not hold any collateral or other credit enhancements to cover its credit risk associated with its financial assets.

8 Liquidity risk management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Disclosure as per Ind AS 113 - Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in an orderly transaction in the principal (or most advantageous) market at measurement date under the current market condition regardless of whether that price is directly observable or estimated using other valuation techniques.

The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1- Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. Listed and actively traded equity instruments are stated at the last quoted closing price on the National Stock Exchange of India Limited (NSE).

Level 2- The fair value of financial instruments that are not traded in active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of the financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

Valuation Techniques used to determine fair values:

A) Specific valuation technique is used to determine the fair value of the financial instruments which include:

- i) For financial instruments other than (ii):- In accordance with generally accepted pricing models based on Net Asset Value analysis using prices from observable market transactions and dealer quotes of similar instruments.
- ii) For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods and its non-derivative financial assets. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

**INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS
TO THE MEMBERS OF M/s. SILVER TOUCH TECHNOLOGIES LIMITED**

Report on the Consolidated Financial Statements

We have audited the accompanying Consolidated Ind AS financial statements of M/s.Silver Touch Technologies Limited (the "Holding Company") and its Subsidiaries(the "Group"), which comprise the Balance Sheet as at September **30, 2023**, the Statement of consolidated Profit and Loss, including the Statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the consolidated **Ind AS financial statements**, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated **Ind AS financial statements** give the information required by the Companies Act, 2013, as amended (the "Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at September **31, 2023**, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit of consolidated Ind As financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associates and jointly controlled entities in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind As financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind As financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have nothing to report in this regard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of othe information. The other information comprises the information included in the Board's report including Annexures to Board's report, but does not include the consolidated Ind As financial statements and our auditor's report thereon.

Our opinion on the consolidated Ind As financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind As financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind As financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report the fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- 1 Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- 2 Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- 3 Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- 4 Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind As financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.

- 5 Evaluate the overall presentation, structure and content of the consolidated Ind As financial statements, including the disclosures, and whether the consolidated Ind As financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- 6 Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and jointly controlled entities to express an opinion on the consolidated Ind As financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated Ind As financial statements of which we are the independent auditors. For the other entities included in the consolidated financial Ind As statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind As financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind As financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- (a) Consolidated Ind As Financials have been prepared on the basis of consolidating financials of following five subsidiaries / JVs:

Sr. No.	Name of Subsidiary	Country of Inc	Extent of Holding
1	Silver Touch Technologies (UK) Ltd	UK	100%
2	Silver Touch Technologies Inc.	USA	100%
3	Silver Touch Technologies Canada Limited	Canada	100%
4	Silvertouch Autotech Private Limited	India	100%
5	Shark Identity Pvt Ltd	India	49%
6	Iriss Scanners Technologies Pvt Ltd	India	50%

We did not audit the financial statement of above mentioned subsidiaries / JVs whose financial statements reflect total assets of Rs. 14747.30 lakhs as at 31st March 2024 , total revenues from operations of Rs. 674.21 lakhs for the year ended on that date, as considered in the consolidated financial statements.

Subsidiary Financial Statement of one Joint Venture (JV), Lime Software (UK) Ltd has not been considered as details of the same not available with management. Further, in case of another JV, Silver Touch Technologies SAS is in sleeping mode. Therefore, these JVs are not consolidated. Also during The F.Y. 2022-23, the company has written off Investments of Iriss Scanners Private Limited, hence it has been not considered in Consolidation for F.Y. 2023-24 and there was not corresponding effect in F.Y. 2022-23, hence it has no major impact on Consolidation.

Financial Statements of Foreign Subsidiaries are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries / JVs, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries / JVs, is based solely on such unaudited financial statements.

Financial Statements of Indian JVs, Shark Identity Pvt Ltd & Iriss Scanners Technologies Pvt Ltd have been audited by other auditors and we have relied on reports of these auditors.

- (b) Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management

Annexure A**INDEPENDENT AUDITORS' REPORT ON INTERNAL FINANCIAL CONTROL****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013**

1 We have audited the internal financial controls over financial reporting of Silver Touch technologies Limited (Holding Company) and its subsidiary companies, which are incorporated in India, as at 31st March 2024 in conjunction with our audit of the Balance Sheet, Statement of Profit & loss, Cash Flow statement & notes forming part of financial statement.

Management's Responsibility for Internal Financial Controls

2 Management of the Company and its subsidiary companies, which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required by The Companies Act, 2013 ('the Act').

Auditor's Responsibility

3 Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company and its subsidiary companies, which are incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4 Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

- 5 We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting of the Company and its subsidiary companies, which are incorporated in India.

Meaning of Internal Financial Controls Over Financial Reporting

- 6 Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

- 7 In our opinion and to the best of our information and according to the explanation given to us, the Company and its subsidiary companies, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

SILVER TOUCH TECHNOLOGIES LIMITED (FY 2023-24)

Notes forming Part of accounts:

Note 1 SIGNIFICANT ACCOUNTING POLICIES

i) Company Overview:

Silver Touch Technologies Limited ("the company") is a leading and globally accepted IT Solution Provider and currently at the forefront of Digital Transformation & Emerging Technologies to serve the customers across the world.

The solutions company provide cover top to bottom technical needs including IT Consulting, System Integration Services, Software Development, E-Governance Solutions, Mobility Solutions, website development & maintenance etc. and making everything possible for customer with cybernetics.

Silver Touch Technologies Limited ("the company") with its subsidiaries and Joint ventures is hereinafter referred to as "Group".

The Company is a public limited company incorporated and domiciled in India and has its registered office at 2nd Floor, Saffron Tower, Ambawadi, Ahmedabad 380006, Gujarat, India. The company has its listing on NSE BSE platform.

ii) Basis Of Preparation

(a) Compliance with Ind-AS

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards)Rules, 2015, as amended from time to time and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (IndAS compliant Schedule III), as applicable to the Company's financial statements..

These financial statements for the half year ended 31st March 2024 along with its comparatives prepared under Ind-AS. The Accounting policies are applied consistently to all the periods presented in financial statements,

(b) Historical Cost Convention

The financial statements have been prepared under the historical cost convention on accrual basis of accounting except for the following:

(a) Defined Benefit Plans are measured at Fair Value.

(b) Certain Assets and liabilities that are measured at fair value or amortized cost.

(C) Rounding of Amounts

All amounts disclosed in financial statement and notes have been rounded off to the nearest lakhs except when otherwise indicated. The Company's presentation and functional currency is Indian Rupees

iii) Principles of consolidation :

The Consolidated financial Statement comprise the financial statement of the company and entities controlled by the company and its subsidiary, joint venture and Associates as at 31st March 2024.

The financial statements of the Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. Inter-company balances and transactions and unrealised profits or losses have been fully eliminated.

Financials for following Subsidiaries, joint venture and Associates have been consolidated in attached consolidated financial statements:

Sr No.	Name Of Subsidiary	Country of Incorporate	Extent of Holding
1	Silvertouch Technology (UK) Ltd	UK	100%
2	Silvertouch Technologies Inc	USA	100%
3	Silvertouch Technologies Canada Ltd	Canada	100%
4	Silvertouch Autotech Pvt. Ltd	India	100%
5	Vision Autotests Private Limited (previously known as Shark Identity Pvt. Ltd.)	India	100%

Consolidation Procedure

- (a) Combine items of assets, liabilities equity, income , expense, and cashflows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognises in the consolidated financial statement at the acquisition dates.
- (b) Offset (eliminate) the carrying amount of the parent's investment in such subsidiary and the parent's portion of equity of each subsidiary.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expense, and cash flows relating to the transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full).Intragroup losses may indicate an impairment the requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

iv) Use of Estimates :

The preparation of financial statements in conformity with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards)Rules, 2015, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Difference between actual and estimates are recognized in the period in which the results are known/materialised.

In the assessment of the Company, the most significant effects of use of judgments and/or estimates on the amounts recognized in the financial statements are in respect of the following:

- Useful lives of property, plant & equipment;
- Valuation of inventories;
- Assets and obligations relating to employee benefits;
- Evaluation of recoverability of deferred tax assets; and
- Provisions and Contingencies
- Recognition of revenue and allocation of transaction price
- Current tax expense and current tax payable

v) Current and non-current classification:

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is classified as current when it satisfies any of the following criteria: it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle.

- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.
- All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded
- It is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.
- All other liabilities are classified as non-current.
- Deferred tax assets and liabilities are classified as non-current only

vi) Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability or,
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

vii) Property, plant and equipment & Depreciation :

Property, plant and equipment are stated at cost, net of recoverable taxes, less accumulated depreciation and impairment losses if any. Such cost included purchase price, borrowing cost and other cost directly attributable to the acquisition of the items. All other repairs and maintenance are charged to the Statement Profit and Loss during the reporting period in which they are incurred.

Capital work-in-progress includes cost of property, plant and equipment under installation/ under development as at the balance sheet date and are carried at cost, comprising of direct cost and directly attributable cost incurred. Depreciation is not charged until such assets are ready for commercial use.

Depreciation is provided on fixed assets used during the year as per Straight Line Method on the basis of useful life of assets and residual value as specified in schedule II of the Companies Act, 2013 except on few assets, where different life has been estimated by the management where assets are for specific project. Depreciation on additions or sale/discard of asset is being provided on pro-rata basis from the date on which such asset is ready to be put to use to date of sale/discard.

The Company provides depreciation on property, plant and equipment using the Straight Line Method. The rates of depreciation are arrived at, based on useful lives estimated by the management as follows:

Block of assets	Estimated useful life (in years)
Office Buildings	15-60
Office equipment	3-10
Furniture and fixtures	3-15
Computer and peripherals	3-10
Vehicles	5-20

The residual value are not more than 5% of original cost of asset. The Asset residual values and useful life are reviewed and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposal are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

viii) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite. There are no intangible assets assessed with indefinite useful life.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. Gain or losses arising from the derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Intangible assets are amortised on straightline basis as follows:

Block of assets	Estimated useful life (in years)
Computer softwares	3-6

ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

- Debt instrument at fair value through other comprehensive income (FVTOCI)

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the other comprehensive income (OCI). However, the Group recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

-Debt instrument at fair value through profit and loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorisation as at amortised cost or as FVTOCI, is classified as at FVTPL. In addition, the Group may elect to designate a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Group has not designated any debt instrument as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the P&L.

- Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value, the Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, apart of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows.

(ii) Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

-Financial Liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risk are recognised in OCI. These gains / loss are not subsequently transferred to statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

- Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

- Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

(iv) Reclassification of financial assets

The Group determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Group's senior management determines change in the business model as a result of external or internal changes which are significant to the Group's operations. Such changes are evident to external parties. A change in the business model occurs when the Group either begins or ceases to perform an activity that is significant to its operations. If the Group reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Group does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

(v) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

x) Compound financial instruments

Compound Financial instruments are separated into liability and equity components based on the terms of the contract. On issuance of the compound financial instruments, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not remeasured in subsequent years.

Transaction Costs are apportioned between the liability and equity components of the compound financial instruments based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

xi) Segment Reporting

The company's Business Segment is 'Computers & IT Services' and it has no other primary reportable segments. Geographical revenues are segregated based on the location of the customer who is invoiced or in relation to which the revenue is otherwise recognized. Customer relationships are driven based on the location of the respective clients. Company's business activities outside India are spread mainly in United Kingdom, USA, Canada & France. Hence, there are two reportable segment of company viz., Domestic & Exports.

xii) Investment in subsidiaries, associates, and joint venture

The Company has accounted for its investment in subsidiaries or associates or joint venture at cost less impairment. The Company assesses investments in subsidiaries, associates and joint venture for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be recoverable. If any such indication exists, the Company estimates the recoverable amount of the investment in subsidiary, associate or joint venture. The recoverable amount of such investment is the higher of its fair value less cost of disposal (FVLCD) and its value-in-use (VIU). The VIU of the investment is calculated using projected future cash flows. If the recoverable amount of the investment is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the statement of profit and loss.

Investment in a subsidiary or an associate or a joint venture acquired in stages are accounted after re-measuring the equity interest held up to the date on which control or significant influence was first achieved, at its fair value on date of obtaining control or significant influence.

xiii) Inventories :

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing the inventory to its present location and condition are included in the cost of inventories.

Hardware and Supplies

Carried at lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

xiv) Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

xv) Cashflows

Cash Flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

xvi) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Other borrowing costs are expensed in the period in which they are incurred and are recognised in the statement of profit and loss.

xvii) Employee benefits

(a) Short-term obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. These liabilities are presented as current liabilities in the balance sheet.

(b) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(c) Post-employment obligations

The Company operates the following postemployment schemes:

- (a) defined benefit plans such as gratuity; and
- (b) defined contribution plans such as provident fund, employees state insurance taxes.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit pension and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are denominated in currency other than ` , the cash flows are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in OCI. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in statement of profit and loss as past service cost.

Defined contribution plans

The Company pays provident fund and employees state insurance contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

(d) Share-based payments Employee Benefits in Foreign Branch

In respect of employees in foreign branch, necessary provisions are made based on the applicable local laws. Gratuity and leave encashment / entitlement as applicable for employees in foreign branch are provided on the basis of actuarial valuation and based on estimates.

(e) Share-based payments

Share-based compensation benefits are provided to employees via the Employee Option Plan.

Employee option Plan

The fair value of options granted under the Employee Option Plan is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions
- excluding the impact of any service and nonmarket performance vesting conditions, and
- including the impact of any non-vesting conditions.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity.

xviii) Investments :

Investments are classified as Current Investments and non-current Investments. The investments that are readily realizable and intended to be held for not more than a year are classified as current investments. Current Investments are stated at lower of cost and net realizable value. A provision for diminution is made to recognize a decline, other than temporary, in the value of Non-current Investments.

xix) Revenue Recognition :

Sale of Services:

The Company uses the percentage-of-completion method in accounting for its fixed-price contracts. The use of the percentage-of-completion method requires the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costsexpended have been used to measure progress towards completion as there is a direct relationship between inputand productivity. Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting date.

Sale of Goods:

Revenue is measured at the fair value of the consideration received or receivable. The Company recognises revenues on sale of products, net of discounts, sales incentives, rebates granted, returns, sales taxes/GST and duties when the products are delivered to customer or when delivered to a carrier for export sale, which is when title and risk and rewards of ownership pass to the customer. Export incentives are recognised as income as per the terms of the scheme in respect of the exports made and included as part of export turnover.

Dividend and interest income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably). Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

xx) Impairment of Assets :

(i) Financial assets (other than at fair value)

The Company assesses at each date of Balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and/or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk or the financial asset has increased significantly since initial recognition.

(ii) Non-financial assets

Tangible and intangible assets

Property, plant and equipment and intangible assets within finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

xxi) Earning per Share :

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares

xxii) Provisions, Contingent Liabilities and Contingent Assets :

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value unless the effect of time value of money is material and are determined based on best estimate required to settle the obligation at the Balance sheet date. These are reviewed at each Balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities and Assets are not recognised in the financial statements.

xxiii) Foreign Currency Transactions :

(i) Functional and presentation currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian rupee (₹), which is entity's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit or loss. Non monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

xxiv) Income taxes

(i) Current income taxes

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside statement of profit or loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. Advance taxes and provisions for current income taxes are presented in the Balance sheet after off-setting advance tax paid and income tax provision arising in the same tax jurisdiction and where the relevant tax paying units intends to settle the asset and liability on a net basis.

(ii) Deferred income taxes

Deferred income tax is recognised using the Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be Utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future economic tax liability. Accordingly, MAT is recognised as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

The Group recognises interest levied and penalties related to income tax assessments in finance costs.

xxv) Recent accounting pronouncements:

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies

(Indian Accounting Standards) Rules as issued from time to time. On September 30, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below :

Ind AS 1, Presentation of Financial Statements – This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the standalone financial statements. Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors – This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption

of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements. Ind AS 12, Income Taxes – This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its Standalone financial statements.

All the title deeds with respect to Immovable Properties are held in the name of the company.

Impairment of Fixed Assets

In accordance with the Accounting Standard (AS-28) on 'Impairment of Assets' notified by Companies (Accounting Standards) Rules, 2006, the company has reassessed its fixed assets and is of the view that no further impairment/reversal is considered to be necessary in view of its expected realizable value.

Valuation Of Fixed Assets:

Following Property, Plant and Equipment are revalued during the year and the same is based on the valuation by a registered valuer as defined under rule 2 of the Companies (Registered Valuers and Valuation) Rules, 2017.

Vision Autotest Private Limited (previously known as Shark Identity pvt. Ltd.) as on 31.03.2023		
Description of item of property	Carrying Value before Revaluation	Carrying Value after Revaluation
Intangible Assets (Shark ID Application)	1,42,31,484	4,26,86,951

As per provision of Schedule II of Companies Act, 2013 depreciation is charged on revalued amount in case of above fixed assets which were revalued in past and same is charged against Current Period's profit. Upto FY 2013-14, depreciation on revaluation amount is charged against revaluation reserve and depreciation on historical cost is charged against profit for the Year under review.

Details of rights, preferences and restrictions attached to the shares

The Company has only one class of equity shares having a par value of ₹ 10/- per share. Each holder of equity share is entitled to one vote per share.

In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

The Company does not have any holding Company.

As per records of the company, including its register of share holders/members and other declaration received from the share holders regarding beneficial interest, the above share holding represents both legal and beneficial ownership of shares.

Nature and purpose of reserves

(ii) Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Act.

(ii) Retained earnings

The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the balance in this reserve and also considering the requirements of the Companies Act, 2013.

(iii) General Reserve

General reserve is referred to as the reserve fund that is created by keeping aside a part of profit earned by the business during the course of an accounting period for fulfilling various business needs like meeting contingencies, offsetting future losses, enhancing the working capital, paying dividends to the shareholders, etc.

(iv) Other Comprehensive income

a) The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in equity instruments through Other Comprehensive Income.

b) The remeasurement gain/(loss) on net defined benefit plans is recognised in Other Comprehensive Income net of tax.

The disaggregation of Revenue from Contract with Customers – Segment-wise

Particulars	Current Year	Previous Year
Sales in Domestic Market	13623.39	13623.39
Total Revenue	13623.39	13623.39

A) Disaggregated revenue information

Set out below is the disaggregation of the company's revenue from contracts with customers:

Segment	Current Year	Previous Year
Type of goods or service		
Sale of Services	19167.68	14617.45
sale of goods	3262.61	1773.09
Job Work Charges		
Processing fees		
Total revenue from contracts with customers	22430.29	16390.55
India	13623.39	13623.39
Outside India	8806.90	2767.15
Total revenue from contracts with customers	22430.29	16390.55
Timing of revenue recognition		
Goods transferred at a point in time	3262.61	1773.09
Goods transferred at a point over time	19167.68	14617.45
Total revenue from contracts with customers	22430.29	16390.55

Set out below, is the reconciliation of the revenue from contracts with customers with the amounts disclosed in the segment information

Segment	Current Year	Previous Year
Revenue		
External customer	22430.29	16390.55
Total revenue from contracts with customers	22430.29	16390.55

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2023-24)

B) Contract balances

The following table provides information about receivables, contract assets and contract liabilities from contract with customers

Particulars	Current Year	Previous Year
Trade receivables*	7329.23	5497.79
Contract liabilities		
Advances from customers	7329.23	5497.79

*Trade receivables are non-interest bearing and are generally on terms of 0 to 180 days.

C) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

Particulars	Current Year	Previous Year
Revenue as per contracted price		
Sale of services	19167.68	14617.45
Revenue from contract with customers	19167.68	14617.45

* Revenue net of discounts, claims and commission

D) Reconciling the amount of revenue recognised in the statement of profit and loss with the contracted price

Particulars	Current Year	Previous Year
Advances from customers	172.85	168.07
Total	172.85	168.07

Note 38 Management expects that the entire transaction price allotted to the unsatisfied contract as at the end of the reporting period will be recognised as revenue during the next financial year.

Note 39 Segment Reporting

The Holding Company's Business Segment is 'Computers & IT Services' and it has no other primary reportable segments. Geographical revenues are segregated based on the location of the customer who is invoiced or in relation to which the revenue is otherwise recognized. Customer relationships are driven based on the location of the respective clients. Holding Company's business activities outside India are spread mainly in United Kingdom, USA, Canada, France & The Netherlands. Hence, there are two reportable segment of Holding Company viz., Domestic & Exports.

SILVER TOUCH TECHNOLOGIES LIMITED (F.Y. 2023-24)**(A) Primary Disclosures (Geographical by Customers)**

Note 42 Ind AS 116 Leases

The Accounting Standard Board has issued an exposure draft on Ind AS 116, Leases, with a proposed effective date of 1st April, 2019, subject to notification by Ministry of Corporate Affairs and Ind AS 116 supersedes Ind AS 17 'Leases'. Ind AS 116, "Leases" will be applicable on the companies which are preparing their financial statements as per Ind AS.

Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is of low value. A lessee is required to recognise a right-of-use asset representing its right to use the underlying leased asset and a lease liability representing its obligation to make lease payments.

Particulars	(Amount in ₹ Lakhs)	
	Current Year	Previous Year
(i) Not later than a year	0.00	0.00
(ii) Later than a year but not later than five years	0.00	0.00
(iii) More than five years	0.00	0.00
Total	0.00	0.00

Lease payments has been capitalised in CWIP as Project no started yet.

Note 43 Financial instruments**1 Capital management**

The Company manages its capital to ensure that the Company will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Company consists of net debt and total equity of the Company.

Total Financial Liabilities	5821.43	4429.82	5162.52	4095.62

For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

3 Financial risk management objectives

The Company's Corporate finance department provides services to business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Company through internal risk reports which analyse the exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

4 Market risk

The Company's activities expose it primarily to the financial risks of changes in interest rates due to variable interest loans. . The Company does not enter into derivative contracts to manage risks related to anticipated sales and purchases.

5 Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilizing forward foreign exchange contracts and currency options taken at the time of initiation of the booking by the management. Such decision is taken after considering the factors such as upside potential, cost of structure and the downside risks etc. Quarterly reports are submitted to Management Committee on the covered and open positions and MTM valuation.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

There are no such transactions during the reporting period

5.1 Foreign currency sensitivity analysis

The Company is not materially exposed to USD and EURO currency.

6 Interest rate risk management

The Company is exposed to interest rate risk because funds are borrowed at both fixed and floating interest rates. Interest rate risk is measured by using the cash flow sensitivity for changes in variable interest rate. The Company has exposure to interest rate risk, arising principally on changes in interest rates. The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like long term and short term loans. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

The table in 6.1 provides a break-up of the Company's fixed and floating rate borrowings:

6.1 Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

The following table provides a break-up of the Company's fixed and floating rate borrowings and interest rate sensitivity analysis.

Particulars	As at March 31, 2024		As at March 31, 2023	
	Gross amount	Interest rate sensitivity @0.50%	Gross amount	Interest rate sensitivity @0.50%
Fixed Loan	219.51	NA	63.76	NA
Variable Loan	860.71	4.30	1004.04	5.02
Total	1080.22	4.30	1004.04	5.02

7 Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk encompasses both, the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. The Company has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company uses publicly available financial information and its own trading records to rate its major customers. The Company's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread amongst approved counterparties.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

The Company does not have significant credit risk exposure to any single counterparty. Concentration of credit risk related to the above mentioned company did not exceed 10% of gross monetary assets at any time during the year. Concentration of credit risk to any other counterparty did not exceed 10% of gross monetary assets at any time during the year.

7.1 Collateral held as security and other credit enhancements

The Company does not hold any collateral or other credit enhancements to cover its credit risk associated with its financial assets.

8 Liquidity risk management

Liquidity risk refers to the risk of financial distress or extraordinary high financing costs arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and requiring financing. Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

9 Disclosure as per Ind AS 113 - Fair Value Measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in an orderly transaction in the principal (or most advantageous) market at measurement date under the current market condition regardless of whether that price is directly observable or estimated using other valuation techniques.

The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1- Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. Listed and actively traded equity instruments are stated at the last quoted closing price on the National Stock Exchange of India Limited (NSE).

Level 2- The fair value of financial instruments that are not traded in active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3- If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of the financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

Valuation Techniques used to determine fair values:

A) Specific valuation technique is used to determine the fair value of the financial instruments which include:

i) For financial instruments other than (ii):- In accordance with generally accepted pricing models based on Net Asset Value analysis using prices from observable market transactions and dealer quotes of similar instruments.

ii) For financial liabilities (domestic currency loans) :- appropriate market borrowing rate of the entity as of each balance sheet date used.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods and its non-derivative financial assets. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.
